

Mineral Systems of Eastern Queensland

Tuesday 14 - Wednesday 15 April 2026

PCYC, 29 - 35 Enterprise Road, Charters Towers

EGRU Collaborative Workshop

PROGRAM Day 1

Tuesday 14 April 2026

12:00	-	13:00	REGISTRATION & LUNCH
13:00	-	13:10	Welcome & EGRU Update Ioan Sanislav, EGRU JCU
13:10	-	13:35	Torpy's - a new intrusion related Ag-Pb-Zn system Edward Fry, Ballymore Resources
13:35	-	14:00	Structure and geochemistry at the Dover Castle polymetallic deposit Alex Brown, LithInsight
14:00	-	14:25	Deep seismic reflection data: crustal architecture along seismic line 07GA-A1, Northern Queensland Danastri Tampabolon, EGRU JCU
14:25	-	14:50	Porphyry Cu fertility of Carboniferous–Permian granitoids in the Georgetown region, NE Queensland Jonghyun Lee, EGRU JCU
14:50	-	15:20	AFTERNOON TEA
15:20	-	15:45	Exploration to Production: a hydrogeological perspective Christa Placzek, Terra Solutions
15:45	-	16:10	North Queensland projects Nick Lisowiec, Gold Fields Ltd
16:10	-	16:35	Ruddygore project area - opportunities and challenges David Webb, Ballymore Resources
16:35	-	17:00	Basement Geology - what, when, where and why? Alex Edgar, UWA CET
Days 1 & 2			Core & Sample Viewing at PCYC, includes: Yataga Cu-Ag, Mt Leyshon & Kidston - Gregg Morrison Pajingo Epithermal Au-Ag - NQM Gold 2 Ravenswood Au - Hugo Serra, EGRU Mount Cannindah Cu - Terra Search Briggs Porphyry Cu - Alma Metals Nth Qld IRGS specimens with element mapping images - GSQ Various Nth Qld deposits - EGRU Collection
18:00	-	20:30	DINNER & DRINKS Rix Hotel 69-75 Mosman St

Mineral Systems of Eastern Queensland

Tuesday 14 - Wednesday 15 April 2026

PCYC, 29 - 35 Enterprise Road, Charters Towers

EGRU Collaborative Workshop

PROGRAM Day 2

Wednesday 15 April 2026

9:00 - 9:25	The Yataga plutonic Cu-Ag deposit, Georgetown, North Queensland Gregg Morrison & Reza Hussein for EMU N.L.
9:25 - 9:50	GSQ Project Update: Porphyry fertility in the New England Orogen Lauren Grech, Geological Survey of Queensland
9:50 - 10:15	Characteristics of SE Queensland porphyry Cu systems Cameron Switzer, Cannindah Resources, jointly with the Geological Survey of Queensland
10:15 - 10:40	Geology and geological setting of the Briggs Porphyry Cu-Mo Deposit, Central Queensland Frazer Tabear, Alma Metals
10:40 - 11:10	MORNING TEA
11:10 - 11:35	The Pajingo low-sulphidation epithermal gold-silver deposits Neil Macalalad, NQM Gold 2
11:35 - 12:00	The Highway-Reward Cu-Au massive sulphide - a four decade journey from exploration & discovery to development & rejuvenation Simon Beams, Terra Search / Consultant to Loyal Metals
12:00 - 12:25	Overview of the Ravenswood District Al-Tamini Tapu, Geological Survey of Queensland
12:25 - 13:25	LUNCH
13:25 - 13:50	Magmatic history of the Ravenswood block Hugo Serra, EGRU JCU
13:50 - 14:15	Exploration at Ravenswood Steve Harper, Ravenswood Gold
14:15 - 14:55	The Liontown Au-Ag-base metal VHMS and Francis Creek Au epithermal projects Tav Bates, Sunshine Metals
14:55 - 17:15	Core viewing: Highway-Reward massive sulphide & Mount Leyshon breccia (Pizza & Drinks) Terra Search Core Shed 30 Phillipson Road
Thursday 16 April	Sunshine Metals Field Trip Liontown project outcrop & core from Liontown and Francis Creek epithermal projects
